iaedp™ Chapters

Help iaedp™ grow!

iaedp is full of professional members, who are leaders, thinkers, and doers. We bring together eating disorders treatment providers, across all disciplines, to collaborate and inspire one another.

By providing relevant information, targeted networking, referrals, and peer evaluation, **iaedp Chapters** helps its professional members deepen and expand their treatment expertise that will create better results working with clients.

iaedp Chapters connect other professionals, in your state or region, with a world of resources and peer support.

Join forces with the **iaedp Chapter** in your area or start a new Chapter. It's easier than you think. Embrace a sense of belonging that embodies our mission.

Member collaboration continues to drive awareness, education, and quality. Your involvement and support will help shape our future and the lives of those we serve.
