## **iaedp Unveils Spanish Language Schedule for 2015 Symposium**

*Seven Different Spanish Sessions Over Three Days by Top  
Eating Disorder Professionals*

**Pekin, IL. (Feb. X, 2015)** – The International Association of Eating Disorders Professionals (iaedp) has released the 2015 program lineup for its 29th Annual Symposium in Phoenix, featuring seven key sessions in Spanish only that address the latest in eating disorder treatment, causes and science. The iaedp 2015 Symposium will take place over a four-day period, March 18 – 22, and will feature over 40 presentations and workshops.

“Many of our international members prefer the Spanish presentations, and other members are bilingual to better serve some of their patients,” said Bonnie Harken, Managing Director of The iaedp Foundation. “The Spanish language webinars we sponsor are well attended and the Spanish version of our Eating Disorders Review Online Journal are very popular, so we made the decision to offer live Spanish sessions for this year’s Symposium to better serve our members.”

The Spanish sessions at the iaedp 2015 Symposium are:

Thursday, March 19, 2015

500 Casos De TCA Atendidos En Tratamiento Residencial: Diagnóstico Y Abordaje Terapéutico Multidisciplinario
